# NEW VOCATIONAL EDUCATION AND TRAINING as of 1 January 2018

Working life is undergoing changes. New occupations keep on emerging and old ones disappear. Technology advances. Revenue models are renewed. Students' needs are becoming more and more individualistic. Skills need to be updated throughout careers.

## FUNDING THAT ENCOURAGES EFFECTIVENESS

Students do not drop out, they complete their studies, obtain a vocational qualification, access employment or continue studying

## A SINGLE ACT, A SINGLE AUTHORISATION TO PROVIDE EDUCATION

No boundaries between young people and adults

## LESS BUREAUCRACY AND MORE AUTHORITY for education providers
